## SEE THE OTHER ACTIVITIES

### Welcome, Prof. Dr. Junaid Khan.

Prof. Dr. Junaid Khan joined as PO Office of Research Innovation and Commercialization ORIC in April 2022. As Chairman of Physiology and Pharmacology, Prof. Junaid possesses philosophical knowledge with technological skills. He tendered titanic initiatives at national and international. Dr. Junaid as PO ORIC is leading ORIC in a very sustainable way. Under his leadership, he is propagating faculty members for research based projects and hunting other national and international projects in a very cohesive way. Prof. Dr. Junaid Ali Khan is considered a national level scientist with his critical publications, innovative projects, and leadership role among like minded sister organizations. Among sages of the age scientists, he is one among thousands as a devout and down to earth personality. ORIC staff vehemently welcomed the new PO ORIC.

## Good by Prof. Dr. Zulfiqar Ali.

Prof. Dr. Zulfiqar Ali has had a voracious journey with ORIC MNSUAM as director of ORIC since the beginning of the University. There is no iota of doubt that Prof. Dr. Zulfiqar Ali burnt the midnight candle for the upliftment of the Office of Research Innovation and Commercialization at the national and international level. He proved to be a positive catalyst for change as ORIC under his umbrella hunted divergent multi billion rupees Projects. He was the recipient of several awards. Under his kind coordination, University got UI GreenMetric UTM Ranking and stood first in Pakistan as the most sustainable University in 2021. Similarly, Prof. Dr. Zulfiqar Ali received Best University Teachers Award BUTA 2021 from His Excellency President of Pakistan. ORIC MNSUAM organized a farewell party for a distinguished Scientist of Pakistan Prof. Dr. Zulfiqar Ali as he left MNSUAM and joined the University of Agriculture Faisalabad.

## Exchange program 2022 HEBEI Institute China

---

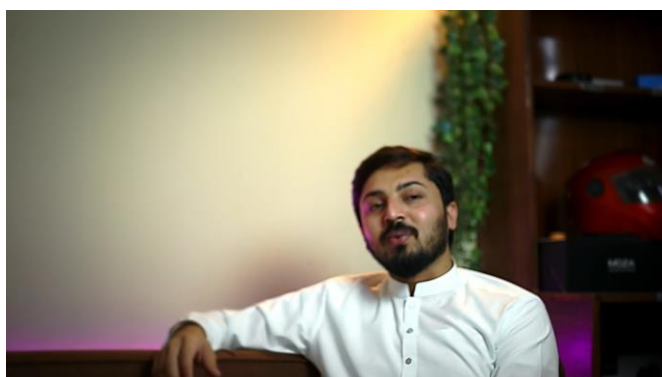

Since 2017 HEBEI Institute of International Business and Economics China offering a Chinese Language and Culture exchange program to the students of MNS University of Agriculture Multan Pakistan. This year Xiaoming Losha, Wang jiao 王娇, and Hu yue 胡越 are teaching the Chinese language to the faculty and students of MNS University of Agriculture Pakistan. Students under the coordination of ORIC MNSUAM are participating in the mid Exam. HEBEI Institute China candidly offered to provide another training program for exchange program 2022 students from the Department of Mass Communication. Office of Research Innovation and Commercialization ORIC of MNS University of Agricultural Multan Pakistan won 68 Chinese language and culture scholarships 2022 from Confucius Teachers Scholarships Program China. The course started in January 2022 Faculty Members His Excellency LI Jainfeng, Xiaoming, Wang jiao 王娇, and Hu yue 胡越 from HEBEI Institute of International Business and Economics China coordinated and taught students of MNS-UAM. In 2022 due to the pandemic, HEBEI Institute of International Business and Economics China offered an online Confucius scholarship 2022 for MNSUAM Pakistan. In the 2021 phase two faculty members from MNSUAM and 21 students registered with HEBEI China. His Excellency Lee Jainfeng Losha, Mr. Xiaoming, and Miss Wang Jiao from HEBEI Institute of International Business and Economics China left no stone unturned to support and care for Pakistani students to learn Chinese as a second language. Miss Wang Jiao taught students under the Confucius scholarship. Dr.Rana Muhammad Naeem remained instrumental as the focal person for said activity from ORIC MNS University of Agricultural Multan Pakistan. It was a wonderful experience as students were learning the Chinese Language and Culture through “Voov and WeChat” applications. It was different for Pakistani students to learn from this novel tool. HEBEI will exchange foreign teachers for the next cohort of Chinese Language 2022/23 at MNSUAM so maximum students of Pakistan may learn Chinese as a second language. Hopes are there under the incumbent President Her Excellency LI Yanpo of HEBEI Institute of International Business and Economics China and Prof. Dr. Asif Ali Vice Chancellor MNSUAM will expand reciprocal ties between sisterly organizations. Worthy Vice Chancellor Prof. Dr. Asif Ali TI believes in this that such kinds of activities will surely bring positive results for CPEC/ one belt one road initiative in total. Prof. Dr. Junaid Ali Khan PO ORIC MNSUAM said that it is a proud time that our students and faculty members are going to complete the exchange program in 2022 under ORIC MNSUAM.

## **Hamza Akram at Puchik Lounge.**

Hamza Akram a student of Active Citizenship and Community Engagement and recipient of SUSI study of United States Institute became a key note speaker at Puchik Lounge. Hamza have had been an extra ordinary student as he represented MNSUAM in different activities. He has been mouth piece to work for transgender rights under ORUC MNSUAM. Hamza as a young entrepreneur ever produced by MNSUAM as he talks with Saman Shafiq at Puchick Lounge. Hamza shares his views on innovation in the Global and National Agriculture Market, how neglecting innovative approaches is affecting our growth, the potential it has, and its future outcomes. Hamza cohesively works under the mentorship of Dr. Rana Naeem for Trans community rights and how to hunt international scholarships. Hamza shares his candid thoughts and the time he spent at MNSUAM. Hamza also shares his experience of how a dropped-out University student went all the way to the USA on a prestigious SUSI exchange program.

## HEC Team at MNSUAM's BIC.

MNSUAM BIAEC submitted a proposal for the establishment of BIC Business Incubation Center at MNSUAM. In Pakistan, thirty five different Universities applied for the grant, and out of thirty five only eight proposals were selected for the establishment of BIC. MNSUAM applied for a grant under the HEC initiative for the establishment of a state of the art BIC Business Incubation Center at MNSUAM. Mr. Waheed Khizar internal evaluator and Farhan Riaz Manager of BIC UET Lahore ( external evaluator) visited MNSUAM and took thick and total interviews with incubates and owners of different companies working under MNSUAM's BIC for the sanction of grant and the inspection of Physical facilities provided by MNSUAM. Prof. Dr. Mubashir Mahdi briefed the team pertaining on the going success stories of BIC MNSUAM. Prof. Dr. Junaid Ali Khan PO ORIC welcomed the team at BIC.

## Agriculture Volunteers conducted Training Session of new Volunteers.

Office of Research Innovation and Commercialization ORIC is proliferating the Agricultural Volunteer Society to provide the best possible agriculture based entrepreneurial skills to nurture students in the field of volunteerism. AV invited new cabinet members and Volunteers from different societies particularly Character Building Society CBS of the 2022 Educational Session to join training at the campus to enhance some technical knowledge and skills in mapping. AV organized the training sessions under

social action project on the weekend and trained the students regarding the use of Land Leveler (Transit and Staff Rod), finding the slopes of Agricultural lands, preventing loss of water and managing its efficiency, google mapping software, and technical field measurements. Moreover, Agriculture Volunteers also trained how to take field surveys during the training entrepreneurial business ideas were also shared by different students..
