MNS University of Agricultural organized two days DICE competition.

Two days ceremony was organized for students to enhance entrepreneurial skills. ORIC MNSUAM invited students around the country to ignite new business ideas. Saqib Ali Ateel Secretary Agricultural South Punjab participated as chief guest addressing the ceremony, he said I feel estimated to share that MNS University of Agricultural Multan organized a successful ceremony.

He was of the view that during two days event more than fifty Universities participated in the DICE competition. He further said that such kinds of events are inevitable for our youth. He reiterated that the Punjab Government is ready to help farmers at their doorstep through like-minded professional organizations so that the farmer community

may contribute to Nation-building. He was hoping that MNS University of Agricultural Multan is working hard to uplift farmer communities by introducing their products through youth. During his address representative from the Bank of Punjab Sarfaraz Hussain said that the BoP is providing loans to students under the 'Kmyab Nojawan' project so that youth may their dreams. CEO DICE Distinguished Innovations, Collaboration, and Entrepreneurship USA said I felt sheer honour to be part of MNS University of Agricultural Multan during two days competition as Co-organizer. Prof. Dr.Asif Ali Vice Chancellor TI MNSUAM said after COVID 19 we are happy to organize a mega event and successfully tender indispensable cooperation between industry and Universities. He said that we should appreciate new business ideas by providing the best possible funding to our youth. The chief guest paid a visit to different stalls organized by students and industry and appreciated the novel ideas. He further distributed prizes among the first, second, and third categories respectively. Eminent progressive growers and representatives from industry Maj. Tariq Khan, Azam Sabri, Asif Majeed, Shafiq Patafi, Asif Tipu, Dr.Shafqat Saeed, Dr.Zulfiqar Ali, Dr.Irfan Baig, Dr.Asif Raza, Dr.Umar Farooq, Mubashir Mehdi, and many other distinguished faculty members, farmers, and students vehemently participated.

First Steering committee's meeting of ORIC.

Steering Committee members were honoured to see the charismatic work of ORIC in research, innovation, commercialization, and proliferation of entrepreneurship. Members namely Miss Rabia Sultan Gurmani, Ch. Asif Majeed, and Rashid Ahmad participated in the first steering committee meeting. Members were of the view that there must be a sheer and strong partnership between Universities and Industries to pad up students skills and entrepreneurial business mindset.

ORIC MNSUAM is burning the midnight candle for the upliftment of the University. There is no iota of doubt MNS University is going to be a trendsetter at the University of Pakistan. MNS University is at the summit of pedagogical skills. MNSUAM's ORIC is second in Pakistan which is registered by Higher Education Commission Islamabad. Vice Chancellor Prof. Asif Ali TI presided over the meeting while the introduction of ORIC was delivered by Prof. Dr. Zulfiqar Ali. Prof. Zulfiqar Ali reiterated that ORIC worked for UI Green Metric's preliminary application for 2021 and MNSUAM stood first as the greenest and most sustainable University in entire Pakistan. Simultaneously he said MNSUAM published 844 publications, completed 1289 million research projects, conducted 27 International Conferences, produced 319 postgraduate students, ignited 18 climate-smart technologies, and initiated 46 divergent degree programs. He shared his views about ORIC's vision 2021-2026 with members of the steering committee. Prof. Zulfiqar Ali said ORIC will leave no stone unturned to improve research work, publication, agriculture, social entrepreneurship and will hunt international projects to improve the condition of local farmers.

Agriculture Volunteers Field Visit with Engr. Irfan Mehmood (AV Mentor, Germany)

In December 2021, Engr. Irfan Mehmood visited the field with AV representatives. In this visit, all the activities, projects and performances of Volunteers were discussed to enhance the productive outcome for the farmer community and students performance. Field visits accompanied by the Engr. Irfan Mehmood was a practical activity and was

full of knowledge, motivation, skills enhancement and durable improvements. One of farmer requested to facilitate pertaining the onion crop. Irfan Mehmood guided the farmer as per his needs and advised him to change such a kind of old modus operandi for onion cultivation. A maximum number of AV representatives participated in monthly meetings and met with Engr. Irfan Mehmood.

ORIC MNSUAM organized SAP on Entrepreneurial Mindset and Summit of Success.

Rehan Jugnu presented a one-day training seminar organized by Volunteers Scoud social action projects SAP the students of BS computer science MNS University of

Agriculture, Multan. The students under their subject Active citizenship and Community Engagement organized a one-day Seminar. The introductory speech was delivered by Rana Naeem, Mentor of Active Citizenship and Community Engagement. Dr Naeem said that under the supervision of Prof. Dr Asif Ali TI Vice Chancellor MNSUAM and Prof. Zulfiqar Ali, of the Agricultural University, efforts are being made for better training of students. He said that today's training seminar will pave the way for the students to highlight the indispensable role of youth to adopt business by enhancing leadership skills within. He further reiterates that the ORIC conducts such programs to create a sheer way for students to showcase their hidden talents. Rehan Jagnu, CEO of JTN said that before starting any small business or an empire, we should take a look at the environment, conditions, and circumstances of the target assignment. Once you are done with research then start your initiative and do not look back. He was shearing success and failure of his business trip, he said that he got the professional passion from his father. He said that he saw his father's business boom and there was a time in 1999 when the business was in chaos but his father did not give up and that was bona fide motivation for Rehan Jugnu. Adnan Khan and Adeel Rana two more leading entrepreneurs said that Uber and other social media applications are today's inventions of the human mind and these applications do not involve any personal investment of the original creator of applications. Adeel Rana said that students of BS Computer Science may earn a decent living with novel ideas if any. Adeel Rana said innovative applications are as inevitable as breathing for all of us.

UI Greenmetric World University Ranking 2021

It has rightly been said that where there is a will there is a way. MNSUAM left no stone unturned to be one among thousands of universities from entire Pakistan. There is a big gospel MNSUAM stood first as the most Sustainable University of Pakistan.
